COMMITTEE OF SAFETY.

Meeting of the Executive Committee Yesterday Afternoon-The Question of Camp Expenses Considered-The Matter to be Settled This Afternoon.

Yesterday afternoon the executive commit tee of the general committee ot safety met at the Planters insurance building pursuant to adjournment. President D. T. Porter occu-pied the chair. Nine members were present. The following business was transacted. Th minutes of the previous meeting was read by Secretary M'Cloy. A number of accounts were read and allowed. Colonel John C. Cameron presented a report on camp ex-penditures. The special committee report was read on call of Rev. W. E. Boggs. Mr. Boggs stated that the Howard assoc mr. Boggs stated that the Howard associa-tion has announced that their supply depot will close, and unless the charity committee of the committee of safety take charge of such supplies, the sick will suffer, the How-ards being unable to keep the store open. This will entail an expense of nearly two thousand dollars per week upon the charity committee. This should be before the minds of the executive committee when they act on questions of economy.

The report of Colonel Cameron was re-

Mr. John Johnson moved to refer both reports to a special committee for considera-tion, and suggested as the committee Colonel Livermore, Colonel Galloway and Captain Speers. He did not think Captain Speers was a colonel yet. [Laughter.] The motion was put and carried. Rev. Dr. Boggs said that Rev. Father Luicelli, a Catholic priest who had many members of his church in Camp Marks, asked him to request the committee to furnish him with a horse and buggy to visit Camp Marks. Before the matter was acted upon the committee meeting adjourned, to meet this (Thursday) afternoon at the usual hour.

THE STATE TROOPS.

Are they to be Paid by Our Yellew-Fever Stricken People or by the State for Doing Guard Duty !-A Very Important

The APPEAL of July 26th contained the following: Captain Cameron, of the Bluff City Grays, having been appointed on the staff of Governor Marks, with the rank of colonel, has been placed in command of the local troops in our city. Colonel Cameron arry of here yesterday, and after a conference with the officers and men of the M*Clellan Guards and Memphis Zouaves—the colored companies who stood so faithful and true during the great epidemic of last year—they agreed to place themselves under his ord-rs, to be assigned to duty, when and where they were needed. Governor Marks has issued the following order and appeal:

NASHVILLE, July 25, 1879. You are hereby assigned to the command of the local troops at Memphis. You will be obeyed and respected accordingly. ALBERT S. MARKS, Governor. APPRAL TO THE COLORED COMPANIES. NASHVIILE, July 25, 1879.

ORDER TO COLONEL CAMERON.

Officers and Soldiers of the Colored Companies a Memphis, Tennessee: The eyes of the people of the State are upon you. Prove true soldiers. Remember the first duty of the soldier is obedience.

ALBERT S. MARKS, Governor. The above clearly shows that the military companies were ordered on duty by the gov-ernor of the State, and that they are to be paid by the State. That this was their un-We have 1500 barrels BOUR.

He said he knew all about this other Thompson, and he had not the least particle of doubt that he was the one against whom the charges should have been brought by DeLand. It seems that during each of his pastorates, which were numerous, he became engaged in intrigues by no means creditable, and even criminal. His wife left him several years ago, and is residing in New York. He himself is now in Germany, having roamed all over Europe in order to escape the spread of the rumors which followed him. He is a man of sentimental character, and just the person to use such expression as 'goosey,' etc., while Dr. Joseph P. Thompson is a person to whom such nonsense is utterly foreign. He said he understood that several times the misdeeds of the man had been connected with Dr. Joseph P. in such a way as to cause the latter much annoyance."

Your committee sought an interview with the captains of the colored companies that we might come to an understanding with them, as you instructed us to do on the matter of their expected pay. If Colonel Cameron is on the staff of the

governor, and was assigned to duty here in command of the State troops under the order and proclamation of Governor Marks, the question arises who is to pay the salaries of the commanding officer and the officers and men of the two colored military companies? Is it not the State? Governor Marks, having ordered these soldiers on duty, can, when-ever he sees fit to do so, disband them, and it may as well be done at once. In order to avoid danger from the malady now exlisting in the Mississippi Valley, we have deemed
it better for both our customers and ourselves to
TEMPORARILY close our Memphis house, and solicit
your orders for Dry Goods, Notions, Clothing, Men's Furnishings, etc., from our
office in New York. The advantages which this
city can furnish in transportation facilities, in case
Louisville, Cincinnati and St. Louis should also become (not improbable) isolated by rigid quarantines,
induces us to adopt this policy, in order to furnish
our friends with a more reliable assurance for obtaining their supplies. We will endeavor to faithfully fill any orders with which you may intrust us.
